The Society of American Military Engineers 2024 College Scholarship Program

The Sacramento Post of the Society of American Military Engineers (SAME) awards scholarships annually to high school seniors and college students who are pursuing an engineering or related technical degree. SAME is a non-profit association linking military and civilian engineers, architects, and engineering-related professionals. SAME's membership totals more than 22,000 civilians, 6,000 members of the armed forces, and 1,000 engineering students.

Awards

The following scholarships are targeted in 2024 for each school category listed below:

- Up to five scholarships of \$4,000, \$3,000, or \$2,000 to college students pursuing an engineering or related technical degree;
- Up to three scholarships of \$2,500, \$2,000, or \$1,500 to **community college** students, including those working toward an AA degree; and
- Up to ten scholarships of \$2,000, \$1,500, or \$1,000 to **high school seniors** interested in pursuing an engineering or related technical degree.

The SAME-Sacramento Post Scholarship Committee also retains the option to select additional scholarship awards for each category based on the number and quality of applications received.

From 2008 through 2024, our Post awarded 437 scholarships totaling \$598,450.

Eligibility

To be eligible for an award, the scholarship applicant must be:

- A U.S. citizen;
- A graduating high school senior, or a full-time undergraduate student at an accredited university or community college located in California or Nevada; and
- Pursuing, or intending to pursue, a degree in any engineering field or related technical degree including architecture, mathematics, physics, or earth sciences. Please note that degrees in computer/software engineering, chemistry, biology, microbiology, and related natural sciences do not qualify for the scholarship award.

Application Process

Scholarship applicants must create a **SINGLE electronic file in Portable Document Format (.pdf)** consisting of these items in the following order: 1) completed and signed SAME Scholarship Application form; 2) completed Extracurricular Activity and Community Service Log form; 3) typed narrative; 4) 2 current letters of reference; 5) current, unofficial transcript; and 6) Confirmation of free SAME Student Membership from: <https://www.same.org/membership-communities/join/student-membership/>. See page limitations and content guidance on the next page. Complete electronic submissions are due by 5:00 p.m. on January 1, 2025 and must be e-mailed to:

Maya Werner, Society of American Military Engineers
same.sac.scholarship@gmail.com

Selection Process

Selection of the scholarship recipients will be based on submittal of complete and timely applications as well as the evaluation criteria listed below with the following weighting.

Evaluation Criteria	Evaluation Criteria Description	Criteria Weighting
1	GPA	30 points
2	Narrative and Letters of Reference	30 points
3	Home or School in Sacramento Area	10 points
4	Extracurricular Activities / Community Service	25 points
5	Relevant Military or Related Experience	5 points
Total Possible Score		100 points

1. GPA: Report your overall GPA on the application form, and attach an unofficial transcript of your grades through the current school term. Reported GPA for college students must include all colleges attended.

2. Narrative and Letters of Reference: The narrative to be prepared by the scholarship applicant is a vital component of the SAME scholarship application and must address the following topics in the order listed below:

- Statement of why applicant should be considered for the award;
- Academic/professional goals and academic performance;
- Extracurricular, community service, and volunteer activities; please only discuss those activities for which you provided leadership and/or resulted in significant accomplishments;
- Summary of relevant military or related experience (see below), if any; and
- Any other comments or justification to assist in the selection process (e.g., school or community involvement or awards, special circumstances such as hardship and overcoming adversity).

The narrative may include photographs, graphics, or other artwork; but it should be no more than 2 pages in total length. This page limit does not include the reference letters for which there is no page limit.

Be sure to include 2 current letters of reference from sources who can attest to your character, work ethic, academic accomplishments, activity achievements, or anything else to support your application. Only 1 letter may be from a teacher; the other must be from an individual in a non-academic institution. Reference letters are encouraged to be on letterhead, and must be signed and dated by the author.

3. Home or School in Sacramento Area: Points for this category are assigned on an all-or-nothing basis. Applicants meet this criterion if any one of the following apply: 1) the student's home is in the Sacramento Area (even if attending a remote school and mostly living outside the area); 2) the student graduated from high school in the Sacramento Area (and could now make their home elsewhere); or 3) the student attends a school within the Sacramento Area. The Sacramento Area is defined as Sacramento County and adjoining counties only, which consists of the following counties: Amador, El Dorado, Placer, Sutter, Yolo, Solano, and San Joaquin.

4. Extracurricular Activities / Community Service: The applicant must complete the special log form provided to document these activities completed in the last 2 years only; limit response to 1 page.

5. Relevant Military or Related Experience: Active military service, previous military service, active ROTC/JROTC or California Cadet Corps participation, active SAME post, SAME student post, or SAME student camp participation, active Civil Air Patrol participation, or related military activities, including applicant's parent(s) in current military service, should be documented in the narrative.

School Contact

As part of the Scholarship Application Form, the applicant must provide the name and phone number of a school counselor, academic advisor, or administrator in order to verify enrollment in that institution and GPA.

Award Ceremony

Scholarship checks will be presented during the 2025 SAME Scholarship Awards Dinner held in the March time-frame. Normally, this award ceremony is held in person but it could be changed to a virtual event. The ceremony will be held in the evening. Further information will be provided closer to the date of the ceremony to the awardees. Attendance at the ceremony is not required for the award.

Questions

Additional information on SAME can be found at www.same.org and about the Sacramento Post on www.samesacramento.org. Questions, comments, or requests for information on the SAME scholarship program or the application process and requirements should be directed to:

EA = Extracurricular Activity: Any activity engaged in by the student which demonstrates breadth of interest, ability, skills, and personal development in both academic and non-academic areas.

CS = Community Service: Any volunteer activity engaged in by the student which provides service or beneficial support to an individual, school, church, disadvantaged group, or local or remote community.

Rich in **HERITAGE** Right for **TODAY**

Membership
that is timeless.

Student Membership

High School Student or
Undergraduate College Student (full time)

Membership in the Society of American Military Engineers is open to persons and organizations with an interest in military engineering and a desire to increase the engineering potential of the United States for national security and to further the objectives of SAME.

Complete Membership Application via:
<https://www.same.org/membership-communities/join/student-membership/>

MISSION

To promote and facilitate engineering support for national security by developing and enhancing relationships and competencies among uniformed services, public and private sector engineers and related professionals, and by developing future engineers through outreach and mentoring.

VISION

To be a premier global engineering organization leading the professional and personal growth of all members in support of military readiness and development of solutions to national security challenges.

VALUES

- **Integrity.** Unwavering commitment to always do what is right, regardless of consequences.
- **Patriotism.** Support our national ideals and take pride in our country.
- **Public Service.** Recognize the critical contribution that public servants play in supporting the economic and environmental needs of the nation.
- **National Security.** Recognize the dedication of our National Security team comprised of uniform services, civil service and contractors in defending freedom.
- **Technical Competence.** Deliver high quality solutions.
- **Excellence.** Strive for the highest standards of performance in all actions, both personal and professional.
- **Environmental Stewardship.** Preserve, protect, conserve and restore our national resources through sustainable development

JOIN SAME TODAY

SAME Individual Memberships offer professionals in the A/E/C field the opportunity to develop important business contacts through national and regional events, and build those relationships further through our worldwide network of Posts. As an SAME Member, you can:

- stay on top of developments in the A/E/C field through our industry-leading publication, *The Military Engineer* magazine;
- learn important information from the field about everything from contracting and design to environment and emerging technologies through our Continuing education Program; and
- continue your professional education at our many special events, among them the annual DOD and Related Federal Program Briefings and the Joint Engineer Education and Training Conference & Expo.
