## OROVILLE SPILLWAY CONSTRUCTION OVERVIEW

18 JAN 25 - Our monthly luncheon program kicked off on Thursday with a record number of members and guests to hear updates from DWR on the Oroville Spillway Construction Project.

Ted Craddock, PE, Spillways Project Manager for the California Department of Water Resources presented an inspiring story of the combined talents of more than 100 team members including DWR, Agency, and Industry Partners, who worked seamlessly to restore the spillway capacity and to ensure public safety prior to the 2017/2018 flood season.

The Oroville Spillway project was awarded on April 17, 2017—and was completed in an amazing display of collaboration, coordination, and hard work spanning 165 days.

An overview of the resources needed to complete this project include:

- 750 Personnel (Contractor Resources)
- More than 700,00 person/hours with No Recordables
- Two shifts - 6 to 7 days a week
- 234 Structural Slabs Placed (30' x 37.5')
- 78 Walls Placed (30' x 25')
- 30,000CY Structural Concrete
- 42,000 CY Leveling Concrete
- 2,900 Anchors
- 347,000 CY Roller Compacted Concrete
- 420,000 CY Excavation

The presentation highlighted a series of dramatic project images showcasing a swift and successful timeline for completion of this landmark project.

November 1, 2017

## STARBASE CALL FOR VOLUNTEERS—2018 SCHEDULE

What is STARBASE you ask...? DOD STARBASE is an educational program — sponsored by the Office of the Assistant Secretary of Defense for Reserve Affairs — that provides hands-on/minds-on activities in Science, Technology, Engineering, and Math (STEM). The program provides students with 25 hours of stimulating experiences at National Guard, Navy, Marine, Air Force Reserve, Army, and Air Force bases across the nation.

The Sacramento STARBASE program, located adjacent to the Okinawa Street Armory at the former Sacramento Army Depot, has developed a speaker's bureau for their Career Day activities. Here's what we need and what is involved:

- We need a maximum of five speakers per month during the school year.
- The speakers can be five different individuals, or one individual repeating each day for five days.
- The speaker has a maximum of 20 minutes, split between presentation and Q&A.
- Speakers will be presenting and engaging classes of 11-year old fifth graders.
- Speakers may focus on their job or life story, bring videos or slides, or even bring in equipment for hands-on learning with the intent of getting the students interested in a STEM career.

**Want to add something different and fun to your work day—and make a difference in the future of a young mind? Just email COL Michael Herman at [michael.herman.79@gmail.com](mailto:michael.herman.79@gmail.com) for more information.**

**Upcoming dates include:**

February 1, 2, 26

March 5, 6, 7, 8, 9

April 16, 17, 18, 19, 20

May 21, 22, 23, 24, 25

June 4, 11
